WORD Rock Drills was founded on service to our Lord, our Customers, and our People. Through our beliefs and culture we are able to better serve our customers, building our team to embody the following core values:

WHO WE ARE

DILIGENT

A positive attitude is everything when it comes to company culture and maintaining this positivity throughout our team creates an enjoyable environment that inspires everyone to come to work each day and give their best.

SERVANT

Our servant-oriented culture creates a workplace of people that are helpful, respectful, courteous, and hard-working. Surrounding ourselves in this culture has built a productive workforce that can deliver products when our customers need them.

LISTENER

Listening, rather than simply hearing, allows us to truly get to know our customers and help build a machine that will serve both their current and future work.

HUMBLE

Each team member at WORD approaches the day with a willingness to learn, encourage teamwork, and put our customers first.

"In the beginning was the Word, and the Word was with God, and the Word was God. 2 He was in the beginning with God. 3 All things were made through him, and without him was not any thing made that was made. 4 In him was life,[a] and the life was the light of men. 5 The light shines in the darkness, and the darkness has not overcome it."
